Getting Stoned Workshop

Join Trent Deerhorn of *Deerhorn Shamanic Services* for this fascinating look into the world of the Crystal Beings, Stone People and Mineral Kingdom. Learn how to care for your crystals and healing stones, how to connect and bond with them, and how to more deeply communicate with them.

Participants are invited to bring their own collection, or choice crystals and stones, to the workshop so that they have their own with which to work. Trent's collection will also be available for those who are just getting started in this field of exploration.

This workshop will also include the basics and some advanced techniques in performing crystal healings and crystal layouts, and how to prepare a healing crystal bath.
